

Avalon Golf and Country Club

Adult Child Ages 22-29 Membership Program

Currently adult children who are members through a standard Avalon Family Membership Plan are no longer part of their Family Plan when they reach their 22nd birthday.

The Adult Child Ages 22-29 Membership Program allows young adults through age 29 who are not members but whose parents have a family membership plan to join that family plan at discounted rates.

Adult Child Ages 22-29 Membership Program Guidelines

- Annual cost for the program is \$434 plus tax which is 50% off the Individual Avalon Membership rate. Savings are also available for adult children whose parents have a Golf Upgrade 1, 2, or 3 family membership plan and want to be included on one of those plans.
- The initial cost of the membership will be a pro-rated amount based on the number of months remaining until the primary family membership anniversary date. On the primary family membership anniversary date, the primary membership holder may then choose to pay for the adult child membership on an annual basis or through monthly payments based on current Avalon membership rates. Spouses and/or children of the Adult Child Member are not eligible for this program.
- Adult children may take advantage of this reduced membership rate until the primary membership renewal date following their 30th birthday or until the primary family membership is resigned.
- All charges for Club services, amenities, and guest fees incurred by the adult child are the responsibility of the primary family membership holder.

Want to Add a Grandchild to Your Membership? It's the Perfect Gift!

The Grandchild Membership Program allows grandchildren of current Avalon members to enjoy an Avalon Membership at special discounted rates. Membership guidelines are similar to the Adult Child program above with these exceptions:

- The program is open to grandchildren of active Avalon members. Children whose mother or father are active Avalon members are not eligible.
- Annual cost to add a grandchild to an existing membership is \$250 plus tax per child. Savings are also available if the grandparent has a Golf Upgrade 1, 2, or 3 plan and wants to add the grandchild to the same plan.
- Grandchildren are eligible for this membership program until their 16th birthday or until the primary grandparent's membership is resigned.
- A grandparent must accompany and remain with the grandchild during each visit to any Avalon location.

Avalon reserves the right to adjust the conditions of membership of either plan at any time.

For more information on either program contact Membership Director John Mikulas at 330-856-8830 or jmikulas@avalonlakes.com
